FATAL RESULT OF INTOXICATION ... A OVER AND KILLED BY A TRAIN.-On Saturday night last, a whiteman by the name of Patrick Shevens, be- Barry Eros. tween 30 and 35 years of age, resident of Columbus county, was killed in a frightful manner while in a state of intoxication. From Col. T. S. Memory, of White ville, who was foreman of the jury of inquest subsequently held over the body, we gain the following particulars: On the day of his death, Stevens, who

was addicted to periodical fits of intoxication, was at Pine Log, an irregular stopping place on the W., C & A. Railroad, about one mile and a half south of Whiteville. While there he got very drank, and about sundown started for his home, distant about two miles. He was on foot and at first followed a wagon road running parallel with the railroad track, but finally quitted the former for the latter. The trains pass each other at Whiteville, and shortly after the southern train passed that point, a Mr. Samuel Bryson who lives near the railroad, had his attention attracted to cries and groans of distress proceeding from the track near by. Going out and searching in company with a negro, guided by the direction of the sounds he had heard. alongside of the railroad, and after getting | bales cotton, 66 pkgs mdze. him out discovered that he had been very seriously inpured. Mr. Bryan then obtained a cart in which Stevens was placed to be conveyed to his own home some feet lumber. three-quarters of a mile distant, but by the time he reached there life was extinct. Stevens was badly mangled on the right side, both thigh and leg being shattered and the ankle laid open. It is supposed that he had met and avoided the train approaching Whiteville, but was overtaken nd knocked off by the train coming from Whiteville. The jury rendered a verdict to the effect "that he came to his death from injuries received by being thrown from the track by the train while the deceased was in a state of intoxication." Stevens, we learn, leaves a wife and sev-

The Argument for the Colored Man The persuasive style in which the colored people in the Southern States are talked to by their leaders and guides is exemplified in an address to them at 'Tallahassee, Florida, by an "Hon. Mr. Willis," who told them that "Greeley was no more than an old, broken-down, one-horse editor at best; that he stood no more chance than a stump-tail bull in fly-time; that he was always jawing and making speeches everywhere he went like a talkative old woman; that he was an old hard-shell Democrat, and could not take the oath even if elected, consequently any colored killing frosts it will be about the largest we have man would be a fool to vote for him."
